Who can collect the most nonsense figures?

This is included:

← 36 picture strips
4 Mix-Max strips

mōses.
SPIELE

The wild Mix-Max Nonsense Tournament – Who can collect the most figures?

(For 2 to 4 players aged 4 years and up)

Game set-up

Sort the picture strips according to hats, faces, abdomens and legs. Make four equal piles. Shuffle the Mix-Max strips and lay them face down beside the four piles.

Off you go!

The youngest player begins. Then take turns in a clockwise direction. Is it your turn? Then turn over any **Mix-Max strip**. Now take the **top strip** from the **corresponding pile**.

***Example:** If you turn over the Mix-Max strip with the hat, then take the top strip from the hat pile.*

Lay the picture strip face up in front of you. You may turn over the strips in front of you at any time. Return the Mix-Max strip face down and shuffle briefly. Now, the player on your left takes their turn.

Oh no! Has the corresponding pile been used up?

That's a pity! Unfortunately, you may not take any

picture strip in this round.

The picture strips

You may collect any number of figures at the same time during the game. Furthermore, you may also choose freely, which picture strip you add to which figure. One figure must always consist of a hat, face, abdomen and legs. Have you completed a figure? Super! Then lay it to one side.

End of the tournament

Have you used up all four piles? Then that's the end of the Mix-Max Nonsense Tournament. Count up your points:

- For every **complete figure** – consisting of any 4 picture (hat, face, abdomen and legs) – you score **1 point**.
- For every **complete original figure** – consisting of 4 matching picture strips – you score **2 points**.

The player with the most points wins. In the event of a tie, there is more than one winner.

Alternative option for older players:

Once the pile of the face-up Mix-Max strip has been used up, you may pinch a picture strip from one of your fellow players. Of course, you may not take strips away from a completed figure! However, you may take any other matching picture strip.

Compose your favourite figure

(Free play for 1 player)

You don't need the four Mix-Max strips. Compose your favourite figure using the picture strips. There is no end to your imagination. What should it look like? What do you particularly like about this figure?
